Dear Sir:

Enclosed please find the Filing Receipt for the above-referenced patent application with corrections made thereon.

Specifically, the total number of claims and the number of independent claims have been changed to 26 and 7, respectively, consistent with a Preliminary Amendment filed concurrently with the 35 U.S.C. §371 filing of the above-referenced patent application.

37 CFR 1.8

CERTIFICATE OF MAILING

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Commissioner for Patents, Washington, D.C. 20231, on January 30, 2001.

(P09505-US1)

Further, the filing fee received has been corrected to \$1260.00. The \$1260.00 covers fees for six additional claims (five from the original 35 U.S.C. §371 filing, and one for the Preliminary Amendment filed concurrently therewith), and four additional independent claims (three additional independent claims from the original 35 U.S.C. §371 filing, and one additional independent claim from the Preliminary Amendment filed concurrently therewith).

In addition, the title has been corrected to replace "or" with –and– such that the title reads: "Signal Decoding with and Without Second Synchronization Word in a Mobile Communication System".

It is believed that this correction of the Filing Receipt requires no fee. However, if a fee is required for any reason, authorization is given to charge Deposit Account No. 23-0785.

Respectfully submitted,
